EFFICIENT DURABILITY.
Thanks to our Zenvironment™ process, the 104ZR™ delivers exceptional mileage and the lowest rolling resistance in its class for more fuel savings and cooler operating temperatures. Offering a deeper tread depth and added cut and chip resistance, it’s ideal for your high-scrub applications.

DEEP ALL-POSITION ORIGINAL TREAD

Deep Original Tread Depth
Keep stones and debris out of the grooves to help resist irregular wear and enhance durability.

Serpentine Groove Pattern
Designed specifically to reduce premature shoulder step-down and irregular wear, further preserving overall treadlife.

Casing Innovations
Zenvironment technology allows us to predict changes in tire shape that occur in early stages of wear, resulting in stabilized performance over the life of the tire, providing longer casing life and better retreadability.

BUILT FOR BETTER FUEL ECONOMY

Unique Rubber Compound
Produces stronger, more pliable rubber that improves treadwear and provides low rolling resistance for better fuel efficiency.

SUPERIOR PROTECTION AND DURABILITY

Sidewall Protector Bars
Help shield the casing from scrubbing and curbing, while maintaining a smooth, comfortable ride at highway speeds.

Block-Shaped Stone Guards
Prevent stones from traveling to the bottom of the grooves, reducing damage to the casing by 25% to ensure high durability and retreadability.

Ultra-Wide Top Steel Belt
Increases rigidity across the entire tread surface, for enhanced durability and to avoid casing damage.

IT’S IN OUR DNA.

Our innovative business philosophy, SmartSolution™, is our commitment to meeting the most essential demands of today’s fleets: Longevity, Efficiency, Availability and Dependability.

Zenvironment™ engineering reduces fuel consumption, waste and pollution by utilizing advanced construction and manufacturing.

IT’S IN OUR DNA.

Built for Better Fuel Economy

Produces stronger, more pliable rubber that improves treadwear and provides low rolling resistance for better fuel efficiency.

Superior Protection and Durability

Help shield the casing from scrubbing and curbing, while maintaining a smooth, comfortable ride at highway speeds.

Yokohama tires are subject to an ongoing development process. Yokohama Tire Corporation reserves the right to change product specifications at any time without notice or obligation. Not all models and sizes available in all locations.

---

**THE YOKOHAMA DIFFERENCE**

When you do business with us, you get more than just a world-class tire engineered by some of the industry’s best. You also get a partner, committed to delivering efficient products and solutions to help your business run more smoothly and more profitably. Our industry-leading support network truly makes Yokohama the SmartSolution.

**SmarSolution Certified Program**

Each of the dealers that make up our expansive nationwide service network is selected and certified to ensure they’re ready to provide the solutions you need, fast.

**Yokohama Emergency Service (YES)**

Offering nationwide emergency service we’re focused on keeping your cargo on the move – 24/7/365.

**Yokohama is a SmartWay Transport Partner**

Working with the SmartWay program we’re committed to accelerating the availability, adoption and market penetration of advanced fuel efficient technologies and operational practices in the freight supply chain helping you save fuel, lower costs and reduce adverse environmental impact.
