PROVEN REGIONAL PERFORMANCE

- DESIGNED FOR LONGER SERVICE
- ENGINEERED EFFICIENCY
- DURABLE CONSTRUCTION

yokohama.ca
As your territory expands, you need a regional all-position/steer tire that will give your fleet a competitive edge. After millions of test miles, the new 108R has proven to be a top performer in its class. Whether your fleet is involved in extended regional-haul or urban high-scrub applications, the deep tread depth of the 108R will consistently deliver more miles between replacement and more profit to your bottom line.

Deep Original Tread Depth
At 22/32nds plus a slow wear rate, 108R was engineered to give you more miles before removal.

Five-Rib Tread Design
Designed for a longer, more stable service life while enhancing water dispersion and overall traction on the road.

Rock Shield Platforms
Keep stones and debris out of the grooves to protect the casing for longer service life.

DESIGNED FOR LONGER SERVICE

Deep Original Tread Depth
At 22/32nds plus a slow wear rate, 108R was engineered to give you more miles before removal.

Five-Rib Tread Design
Designed for a longer, more stable service life while enhancing water dispersion and overall traction on the road.

ENGINEERED EFFICIENCY

Advanced Mixing Technology
An innovative compound engineered through a single stage mixing process creates lower rolling resistance for fuel-efficient operation.

Specially Designed Shoulder
Optimum shape to reduce shoulder ripping and tearing in abrasive applications, effectively lowering your cost per mile.

DURABLE CONSTRUCTION

Premium Casing
Made to be our most resilient ever, including a 16-ply rating offering increased load capacity so you can carry more freight on every trip.

Sidewall Abrasion Guard
Reduces damage to the sidewall caused by accidental curbing and scrubbing in urban applications.
