DURABILITY & FUEL-EFFICIENCY
At Yokohama, we understand that your demands for long-haul trailer tires are more than just fuel-efficiency—you need tires that will stand up to the punishment common to deliveries in the real world. That’s why we built the BluEarth® 109L: a super fuel-efficient trailer tire engineered to withstand the rigors of close quarters maneuvers.

DURABLE CONSTRUCTION

All-New Advanced Stress Control Groove
A modified Stress Control Groove resists shoulder damage from sharp turns or accidental curbing.

Optimized Tread Pattern
The Innovative Tread Pattern resists scaling in lateral slides common in tight maneuvers.

Ultra-Durable Casing
Yokohama Casings are so tough, all sizes of the BluEarth 109L are backed by a 7-Year, Unlimited Retread Warranty.

FUEL-EFFICIENT PERFORMANCE

State-Of-The-Art Compound
Our highly Advanced Compound resists wear and provides one of the lowest RRCs in the category.

Compact Tread Blocks
Compact Tread Blocks roll smoothly for greater fuel-efficiency, while the five-rib design assures superior traction.

DOMESTIC MANUFACTURING

Made In The USA
All sizes of the BluEarth 109L are proudly built in the USA.

IT’S IN OUR DNA.
Our innovative business philosophy, SmartSolution®, is our commitment to meeting the most essential demands of today’s fleets: Longevity, Efficiency, Availability and Dependability.

The BluEarth® brand is reserved for Yokohama’s most environmentally-friendly tires engineered with advanced technologies focused on fuel-efficiency and performance.

SmartWay® Verified
The BluEarth 109L is one of many Yokohama tires designed to meet SmartWay’s stringent low rolling resistance criteria.
